

Do you live in the following areas?  
Sandwell, Wolverhampton, Walsall and Dudley

We are recruiting for the role of

**Adopter Voice - Adopter Advisory Board (AAB) Champion**

Adopter Voice gives empowerment to just that, the voice of adopters within your area.

We are looking for Adopters who want to become involved in the current adoption issues and help to support changes where you live, on issues that are important to you.

If you hold a support group, social media group or have other networks that communicate with fellow adopters, and wish to share views that are raised, we need you.

As an Adopter Voice Champion, you will have the opportunity share these at quarterly virtual meetings as part of a Board that will then share the information directly within your Regional Adoption Agency (RAA)
